## Power Beam Heavy Duty LED Floodlights

The HELLA Power Beam LED is the perfect floodlight for the harsh Marine environment.

Quality materials like the impact resistant, hard-coated polycarbonate lens and the premium corrosion-resistant aluminium housing ensure a long lifetime, and a maintenance-free lighting product.

The Power Beam floodlights feature a powerful light output of 6,000 lumens while consuming just 65 watts. Lamps are available in close or long range optic designs, to suit any working situation. The colour temperature (CCT) of 5,000 Kelvin is very similar to daylight, giving more comfort and reduced eye strain under extended working conditions.

The advanced 'Corosafe' surface coating is non-stick and easy to clean. The heavy duty stainless steel bracket, Nord-Lock washers and the rubber damping system limits movement in high vibration environments.

The flexible mounting system ensures the floodlights are mounted and adjusted very quickly. Advanced design and assembly means the Power Beam floodlights easily exceed the stringent requirements of IP6K9K and IP6K8, ensuring internal electronics are protected from the elements.

Like all Hella marine LED products the Power Beam floodlights are supported by a 5 year warranty for complete peace of mind.

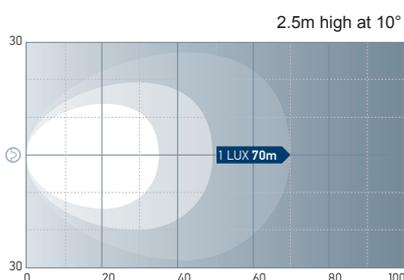

- Extremely bright 6,000 lumen
- Low power consumption 65W
- 2 different optic designs
- IP6K9K rated protection
- Premium Corosafe coating
- Stainless steel mounting bracket
- 5 year warranty

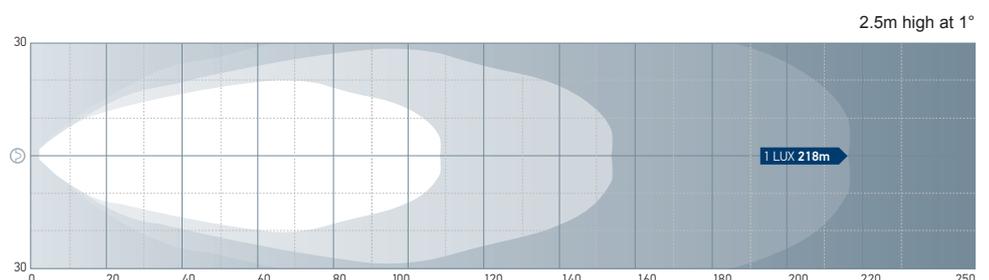

Back of lamp is pre-wired for easy installation.

## LED Power Beam. Heavy duty class leading efficiency and durability.

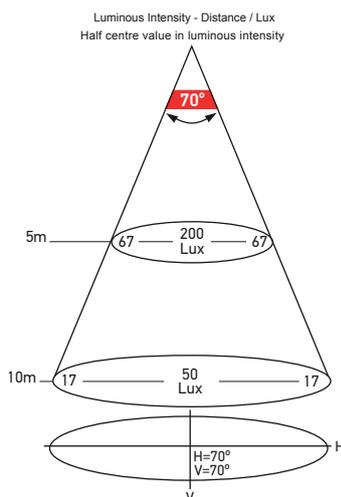

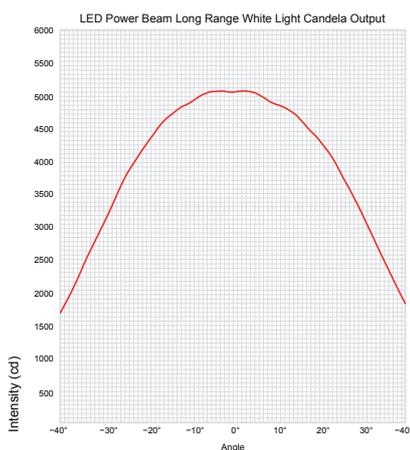

<b>Installation</b>	Upright or pendant, heavy duty stainless steel 316 bracket
<b>Light Temperature</b>	5,000K White
<b>Operating Voltage</b>	24V
<b>Power Consumption</b>	65W
<b>Light Output</b>	6,000 Lumen
<b>Protection</b>	IP6K8 & IP6K9K (Protection against dust and high-pressure/steam jet cleaning)
<b>Cable Length</b>	2m Double insulated silicone supply cable with bare ends
<b>Lens Material</b>	High impact hardcoated PC lens
<b>Housing</b>	Premium aluminium with Corosafe non-stick coating.
<b>Compliance</b>	RCM, CE, EMC
<b>Manufactured In</b>	Austria

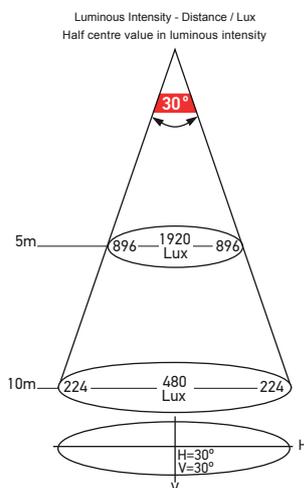

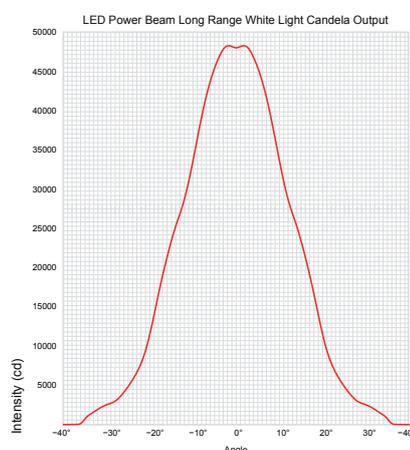

**Dimensions:**  
 a = 179mm (7.05")  
 b = 148mm (5.8")  
 c = 148mm (5.8")  
 d = 145mm (5.7")
