R65 Class 1 **R65 Class 2**

SINGLE OR SPLIT COLOURS

3-3541-x

3-3541-x-P

3-3541-x-M-SL2

Additional features:

- 4 x groups of 3LEDs with highly effective optic lenses, producing an impressive light output
- Built-in flasher with choice of 24 flash patterns
- When operating in cruise mode, activating flash mode overrides cruise mode and restores full power flashing
- Working life in excess of 50,000 hours
- Alternating colour patterns available

Materials:

- Lens: strong UV stabilised polycarbonate
- Base: Rugged cast metal

Mounting options:

- Permanent, magnetic, DIN or pole mount
- Magnetic mount versions feature 34kg magnets with moulded rubber covers to preserve vehicle paintwork. Wind speed certified to 250km/h (155mph)
- Optional angled rubber mount for aligning the beacon on a curved roof

Voltage: 10-40V supply - suitable for 12 or 24V use

R65 approvals: Class 1 amber, Class 2 blue

CAP 168 (Type C) compliant version available, suitable for airside operations
